Dear Mr. Botein,

In response to your email dated 5 January 2021, we regret to inform you that after a diligent search, we were unable to find any record pertaining to the results of the voting during the concurrence of the Senate to the Philippines' ratification of the 1982 UNCLOS.

We suggest that you also contact the Senate of the Philippines as there is a greater possibility of your requested information being available in their records.

Thank you.

We would like to hear from you! Kindly accomplish OTLA's Client Feedback Form by clicking this link.
