Mr. Botein,

This is with regard to your email requesting for the Senate vote on the UNCLOS.
We regret to inform you that such records are not in our custody.

The year 1982 was part of the Martial Law years and the Philippine Senate was locked down from 1973 until 1987. It was only in 1987 that the Philippine Senate was revived during the administration of Pres. Corazon Aquino.

You may try to check with the Department of Foreign Affairs (dfa.gov.ph), which handles the treaties entered into by the country, if they have the records related to the UNCLOS.

Thank you.

Kind Regards,

LRAS Team
